

RICE UNIVERSITY

Mathematical Institute for Young Women (entering 10th or 11th grade)

Two weeks: June 18 - 29, 2012

(Mondays - Fridays, 9am - 3pm)
at Rice University

- Interact with Rice faculty, undergraduate and graduate students
- Learn advanced math like knot theory; see how it is related to numbers and polynomials
- Meet other girls who love math
- Learn about careers that use math
- Must have completed Algebra I and Geometry by summer 2012
- Receive \$500 for participating in the entire program
- **Website: <http://math.rice.edu/RMI>**

For more information, contact Professor Shelly Harvey at shelly@rice.edu or (713)348-3659. To apply, please complete the application and provide a letter of recommendation from your high school math teacher. Enrollment is limited.

Application deadline is Wednesday, March 21, 2012.

$$\langle \text{link} \rangle = x \langle \text{link} \rangle + x^{-1} \langle \text{link} \rangle$$
